

Petition of the ABRA Board regarding
Columbia Lodge #85, ABRA-000237

I, Onyemaechi Agu, a resident of 1848 3rd St NW, urge the Board of the Alcoholic Beverage Regulatory Administration to revoke the Alcoholic Beverage Control license of Columbia Lodge #85 on the basis of its repeated violations of the settlement agreement.

The continuing effects of those violations on the peace and quiet of the neighborhood, to include noise, security, and parking concerns, reflect ample cause for the Board to revoke the license. The gradual transformation of the Lodge's operating model from that of a "club" into a "nightclub" or "tavern" further bring the ongoing validity of the Lodge's license into question.

Through ANC 1B and the LeDroit Park Civic Association, the neighborhood has patiently given the Lodge ample time to comply with its obligations, most recently through the Notice of Cure. Having failed to take appropriate action to comply with the reasonable requirements of the neighborhood, the Lodge should no longer enjoy the privilege of holding an ABC license.
